1 **I. INTRODUCTION**

2 1. Plaintiff Alivia J. Stricklin, brings this action under the **Federal**
3 **Tort Claims Act, 28 U.S.C. Statute 1346(b), (“FTCA),** and the California Government Tort
4 Claims Act, California Government Code Statute 810 et seq. (“CGTCA”), against The United
5 States Navy, Ames Research, Moffat Field, CA and the United States of American (“USA”) for
6 their failures to perform mandatory duties, and/or negligent acts and/or omissions of their
7 officers, officials, agents and/or employees that resulted in constitutional deprivations; general
8 negligence with minting “custody of Plaintiffs” private data. The data breach included but not
9 limited to unapproved collection, dissemination and inspection of “private individual/family
10 facts,” which categorized as “no-need-to-know-- needless government retrieval.” The series of
11 events carried out by the Defendants, officers and agents of the US government resulted in
12 character misrepresentations. The unlawful intervention destroyed fair employment, labor and
13 economic advantages, created “the worst storm for maintain health thriving livelihood” ...worst
14 of all family alienation repercussions.

15 2. Late Fall of 1979, Defendant’s Agent Mr. Jack Henry Glazer ask if I could
16 attend a military reception? I confirmed yes (set on meeting other USNR). The Defendant’s
17 officer and agent “neglected to respect his “military” position,” mislead other military officers
18 under his leadership by designing a “ceremonial hazing.” Three officers who were invited
19 show-up (dressed blues” ties and spit shined shoes). The Navy Officers acted negligently,
20 carelessly, and/or unlawfully in the course and scope of their military statuses. Four men taking
21 a woman to the edge of San Francisco, ocean across highway (three bagpipers and instruments?).
22 Dry yellow bushes/brush over everyone’s head dead bottles and cans (perfect scenario for

 2 Officer Mr. Jack Henry Glazer...

3 3. Summer 1980 during canceled United States Naval Reserve (USNR)
 4 activities. This association was unsavory; According to Mr. Glazer “all white women were very
 5 dishonest” and (at that time his project was to prosecute a “black women for her determination to
 6 sit by a federal window for many years.” If I wanted to meet a “Ted Bundy” type...Jack Glazer
 7 would not be the one.
 8

9 4. January 20, 2014, Plaintiff submitted names, addresses and
 10 telephone/contact information to the Department of Justice. To date the Department of Justice
 11 has failed to report, respond and/or offer any “information findings” motives for any all state,
 12 local ...federal general damage violations caused by their agent (the Decedent, Mr. Jack Henry
 13 Glazer) who repeatedly in his position of federal employment violated federal judicial standards?
 14

15 5. Under the Equal Protection Clause of the U.S. Constitution and, sabotaged
 16 employment and unfair Labor violations, do qualify for the same equal protection “investigative
 17 customer care” when issues are “ripe “for discovery regarding any evidence of fact(s). Including
 18 but not limited to discovery, tapes, cd, DVD pictures...etc.) As a direct result of the wrongful
 19 acts and/or omissions of Defendants and their agent Jack H. Glazer, Decedent.

23 II STATEMENT OF RELEVANT FACTS Of

24 6. During summer 1980, while employed at EDS Nuclear...San
 25 Francisco, California the Defendants Agent made contact (during my employment with this
 26 company). ? A few other companies (not all), the Defendant’s Agent contacted; Modern Mode
 27 Furniture, Bay Area Rapid Transit, University of Chicago Hospitals (various departments),
 28

1 Illinois Institute of Technology, After 911, United Airlines Maintenance and Controls (pretty
2 close to SAMC, air traffic control towers).

3 7. The social security number misuse your Honor has caused a mess in the
4 Plaintiff's life. The "government's permanent possession" with respect to my consumer *phone*
5 *records...toll billing information* AT&T, Pacific Telephone and Telegraph, intercepted and
6 pulled every month. Employment Development records intercepted every month intercepted and
7 pulled every month. The violations are in direct contravention of federal and/or state law and in
8 excess of their authority. **California Civil Code sections 1798.29 and 1798.82 require bus.**
9 **And gov't to if ...reasonably believed to have been, acquired by an unauthorized person or**
10 **use. California penal code sections 630-638...recording of private communications by**
11 **telephone, radio telephone, cellular radio telephone, cable or any other device violation penalties**
12 **of up to \$10,000. Electronic Eavesdropping by state law enforcement officials requires the**
13 **approval of a Superior Court Judge.**

14 8. The Agent, continued not only the "wide-reach paper sweep," Mr. J. H.
15 Glazer apparently studied facts regarding my parents dissolution, planted in his mind that I
16 needed to be informed about the fact the Mr. Lee A. Stricklin, Jr. "is not my biological father."
17 DMV...records...college records, retirement records of grandparents, criminal activity, father
18 Lee A. Strickland, Jr. and brother's military records, maternal side Whilamina Ashford.
19 Violating Freedom of Information Act (FOIA), violate Privacy Act of 1974 (5 U.S.C.S.
20 **Statute 552a**). All refer to government "records" or "information contained in government
21 "records." As that term is defined 5 U.S.C.S., **Statute 552a (a) (4.**

22 9. Stalking was a big part of the operation and "investigators." If I was
23 socialized with anyone, laughing and speaking...their personal DMV, possible photo taken. The

1 Defendant's officers and agents proceed to call property managers, landlords and real estate
 2 companies (anyone I paid rent to). Even grocery/family cleaners... small business owners. The
 3 Defendant's agent escalated activity...made attempts at constructing "Notice of Evictions."
 4 United States Postal Service couldn't do anything about mail being removed from residence box.
 5 During 1986/87, I pick up a simple "Restraining Order-completed the paperwork and filed the
 6 facts Oakland Superior Rene C. Davidson,
 7

8 10. The calls were never in good faith and continued for many years
 9 embarrassing "public disclosure." Mr. Jack Henry Glazer made character misrepresentations,
 10 with intentional false light statements (omissions with the requisite degree of scienter). See
 11 **Kinsey v. Macur (1980) 107 Cal. App. 3d 265, 165 Cal. Rptr. 608 107 Cal. App. 3d 265, 272.**
 12 *I never introduced Mr. Jack Henry Glazer to one person.*
 13

14 11. Public disclosure and false light torts, unconnected many exaggerated lies
 15 either professionally or socially except for their acquaintance with plaintiff (107 Cal. App. 3d
 16 **265, 272.** The big issues was my financial, myth about being a "job hopper," unreliable,
 17 disloyal. Being as intimidated about females, the Defendants officer and agent attempted to file
 18 police reports...and wanted people to think I robbed him. The type of public disclosure
 19 Tort...which should remain private...some of the information might offend and be objectionable
 20 to a reasonable person of ordinary sensibilities. See 107 Cal App. 3d 265, 272 (all of the torts
 21 for invasion of privacy must be accompanied by publicity in the sense of a communication to the
 22 public in general or to a large number of persons (107 Cal. App. #d 265, 270).
 23

24 As an appreciation gesture I purchased a "space pen" from a local stationary store in
 25 Berkeley, CA during '79. Only \$8.00 just to say I enjoy the reserves all ok let's is friends.
 26 Another military exercise was visiting a cadet at the Vallejo, Maritime Academy; I purchased a
 27
 28

1 five pound box of "Godiva Chocolates" (\$35.00 bucks), only for this particular Cadet to warn me
 2 not to try anything. And Jack H. Glazer, warned me not to try anything. AND I WILL NOT BE
 3 THREATENED BY ANYONE. In attempts to move the Defendants along I lost that battle!
 4

5 6 CAUSES OF ACTION

7 FIRST CAUSE OF ACTION (General Negligence)

8 Privacy

9
 10 12. Transgression of and violation of the Privacy Act (including monthly
 11 possession of identifiable information) is "Strict Liability injuries" see **Privacy Act of 1974,**
 12 **(5U.S.C.S. 552a)**, state and local agencies violations of the **Information Practices Act of 1977**
 13 **(185.20, 185.31...agencies maintenance of its records violated requirements of the Privacy Act**
 14 **of 1974 or Information Practices Act of 1977).**

15 Unfair Business, Labor and Employment Competition

16
 17 13. As the direct result of calling places of employment, industries and firms
 18 who have contracted with "Plaintiff" and economic interference, interference with economic
 19 relationships and interference with formation of a prospective future advantage (over the
 20 wrongful 24 year period). This Claim does require the "existence of a duty" for unjustifiable
 21 interference. The right to enter into and perform lawful contracts was guaranteed at common
 22 law. See: **Prosser, Supra Note 2 Statute 129, at 915;** also see general **NOTE Intentional**
 23 **Interference with Business Relations, 3 Rutgers L. Rev. 277 (1949)** (tortious interference with
 24 contract upon protection of established business relations and contracts which, if combined,
 25 become protectable property rights as distinguished from possessory and title rights).
 26
 27
 28

14. The harm has taken great toll because of the “indeterminate amounts (loss of work, benefits, health and high level of added-on, multiplied by stress factor, depression because of business interference). See the tort of intentional or negligent with prospective economic advantages imposes liabilities...improper...disrupting...which fall outside...fair competition. (*Settimo Associates v. Environ Systems, Inc.* (1993), 4 Cal. App. 4th 842, 845 [17 Col. Rptr. 2d 757], internal citation omitted.

15. for an indeterminate time the covered period. See *Seely v. White Motor Co.* (1965). *East River Steamship Corp v. TransAmerican Delaval Inc.* (1986) and *Dillon v. Legg* 68 Cal. 2d 728 (1968) As my own bystander that has suffered (at the hands) by misconduct of a negligent tortfeasor can recover for negligent infliction of emotional distress (duty of care and foreseeability).

SECOND CAUSE OF ACTION (Public Entity Negligence)

Defendant USA - USN

16. Plaintiff alleges, that at all times USN hand a mandatory duty to control the activities of USN, and the activities associated through Naval Militia operation. The offense of naval “hazing” of women by Defendant’s official and agent Mr. Jack Henry Glazer is the overt act of Dereliction of Duty under military standards, **United States Code Title 10, Section 892, Article 92.** Officers, Officials, Agents and/or federal executive public workers disrespecting government issued insignia for “military hazing and private citizen hazing.”

17. The whole act was a measure of pressuring, and the addition of a camera; videotape recording see **Albright v. United States (D.C. Cir. 1980) 631 F.2d 915**, are **discussed in Statute 185.32[3] [b]**. The alleged record was a video tape recording of a meeting in which plaintiffs had participated. The court of appeal held that the videotape was a record for purposes of the Privacy Act, as defined in **5 U.S.C.S. Statute 552a (a) (4)**. The court stated that as long as the tape contains a means of identifying an individual by picture or voice, then it falls within the Privacy Act's definition of the term record.

18. The hazing was discrimination and disparaging based on "my gender and race status, in **violation of 42 U.S.C. 1981**, it was the onset of future extortion...blackmails intimidation. The conduct was egregious and vacated the military professional standards.

Defendant USA - AMS

Ames Research Surpassing SES Authority, Discretion and Misuse of Non Public Information, Government and Time by an Employed Official Mr. Jack Henry Glazer

19. Ames Research Moffat Field, must be a place of peaceful conduct, but with your senior executive (SES) but all seasoned credentialed federal executives should know the appropriate protocol with all levels of data. According to the Astrogram Newsletter, the late Mr. George Lanahan (of Prune dale, CA) succeeded Mr. Jack Henry Glazer.

20. Suitability has the meaning and coverage in **Federal Register, Vol. 73 No. 128 Wednesday, July 2, 2008 5 CFR Part 731**"Work-related misconduct protocols." The whole-person factors is alive and important...and can bar federal employment, see **CFR 731.202 (suitability) and 5 CFR 302.203 (fitness)**.

 4 attorney's duties, to the same extent and in the same...b) **28 C.F.R. Statute 77**, Ethical standards
 5 for attorney for the government.
 6

7 22. It is right and just for the American public to expect protection under the
 8 Civil Service Act, and necessary for Office of Personnel Management (OPM), Merit Systems
 9 Protection Board (MSPB) and all departments to impose safeguards. **According to Federal**
 10 **Week, June 18 2014...the Veterans Administration has taken a position that federal**
 11 **protection for senior executives are too strong ... Agencies are unable to remove SES**
 12 **personnel when quick removal may be warranted. Specifically, Section 359501 of Title 5 of**
 13 **the Code of Federal Regulations (CFR)** states that an agency may remove a career appointee
 14 from SES after ... final rating of unsatisfactory. In addition, the removal from the SES for
 15 reasons relating to his/her performance as a manager, a career senior executive can be removed
 16 from the federal service, not just the SES.
 17

18 Mitigate the Issue of Qualified Immunity
 19

20 23. One thing for sure is none of us need to be here. Let's not waste time and
 21 keep in mind Discretionary and/or qualified immunity required "good faith." Mr. Jack Henry;
 22 The misconduct of the above officer violates "clearly established" constitutional rights of which
 23 a reasonable person would have known. In the claim the Defendant's, officers and agents have
 24 no benefit of the doubt, they did not defend the law according to Matthew Hall...article in the

13
 14 Actual Facts to This Case and Suspicions

15
 16 25. While residing in Chicago, Illinois one senior counsel suggested the Jack
 17 Henry Glazer used the Navy to fly under radar; possibly an alias involved with ventures of direct
 18 exploitation of women and children. One unfortunate concern is at Illinois Institute of
 19 Technology dorm, my residence, I received a call from a “male child possibly of age 3 or 4 years
 20 of age (at least six weeks earlier...I visually dreamed of a small male child being carried inside
 21 of 35/37 White Street, SF, CA.). For a fact I allege pedophilia, pornographic possible
 22 manufacture, production and sale under an alias is consistent with this Defendants officer and
 23 agent (for many years flew under the radar in uniform).
 24

25
 26 26. Tailgater, riding coattails, snaring based on gender and youth with the
 27 federal government as a weapon for personal gain. Expecting people to “accommodate and host
 28

1 27. During his illustrious life no doubt a good women came along. However
 2
 3 it's shows real quick when people have been in bad company. Every woman he married had a
 4 "divorce date before their marriage licensed dried." My experience with the Defendants agent is
 5 he waited four plus months to say "only the Navy" were aware of his nine or ten plus marriages.
 6 My thought in every relationship and business encounter, the executive civil service employee
 7 and USN military officer used government owned investigative equipment, government owned
 8 apparatus inappropriately...unknowingly to the Department of Justice and the Department of
 9 Defense. **DOD 5500 7-R**, Identity Theft, abuse and use of government records, personnel social
 10 security numbers, unofficial use of private residence, business – commercial...for gain is illegal
 11 and unauthorized. Official duty use of records does exist.

12
 13 28. The tort of negligent interference with economic relationship arises only
 14 when the "Defendant(s)" owes the "Plaintiff a duty of Care (see **Himandri v. Judkins (1997) 52**
 15 **Cal App. 4th 326, 348 [60 Cal. Rapt. 407, 598 P.2d 60]**). The USN uniform for years coupled
 16 with "military covered-up of true lifestyle," is reasonably foreseeable written disciplinary action
 17 which ended up in the "shredder" (espungement adverse actions , removal of letters of counsel,
 18 helped carryout misconduct and divorces for many years.). business ventures when constitute
 19 adult pornography, also involved with sale, support of distribution of obscene matter and also
 20 during my stay in Chicago, Illinois 1990, received a call from a 3 or 4 year old male kid who "I
 21 suspect was being babysitter by Jack Henry Glazer and experienced child molestation?"

 23 **Statute 5:2**

24 **The Attorney's Estate, Legal Malpractice 2012 Edition by Ronald E. Mallen**
 25 **of the California Bar and Jeffrey M. Smith of Georgia Bar, V1-Pt.3, Chapter 5**
 26 **Vicarious Liability:**

27 Legal malpractice claims, however, are more likely to be brought after the
 28 attorney's death then ordinary tort actions, because many errors made by attorneys are
 not discovered or don not manifest damage until years after the date of wrong.

Equally accepted is the proposition that a cause of action founded upon contract, express or implies, survives the attorney's death. Injuries sustained in a legal malpractice action rarely are to one's person, but to a property right or an economic interest. Legal malpractice actions; have been held to survive the attorney's death expressly and implicitly.

Statute 5:3, Page 440: a law partnership and its members are liable for a tortious wrong or a contractual breach committed within the scope, or apparent scope, or the agency by one of its member. That scope does not depend on whether the partner intended to benefit the partnership.

Conclusion

29. As a direct and legal result of the wrongful acts and/or violations of abridged privacy wrongs and privacy disclosures, unfair labor and employment interruptions, and disrespect of the Constitution; the Defendant's Officers, and Agents...may have attempted to do a "soft...KILL." The repeated patterns, predicate misconduct was extortion, trafficking and excessive force of extortion. The Plaintiff further alleges these acts are consistent with Violence against Women. The Violence against Women Act was renewed in 2000, 2005, and 2013. Consistent with Jacob Wetterling Crimes.

30. The Plaintiff has also suffered damages for the Defendants, officers, and agents non-enforcement of suitability determination and fitness determinations (CFR 731.202) and (5 CFR 302.203).

31. Your Honor, I respectfully ask to pursue all "Tort" remedies. Where there is no remedy and/or effective alternative remedy...I as "Plaintiff" might not have another way to litigate and may have an otherwise non-existent cause of action against the individual Defendants that may require a "Bivens Remedy" based on 1) Defendants intention to vindicate "Plaintiffs" deceased Mother 2) Plaintiff experiencing "hazing" and use of the

1 military...Dereliction of Duty. Plaintiff further allege that the Defendant Mr. Jack Henry Glazer
 2 used the military and government to the greatest disadvantage attempted to secure "physical
 3 relationship" and used "Plaintiffs" race and gender, for excessive extortion, sextortion and
 4 trafficking as he did with his "career serial marriages." The Defendant's has admitted sexual
 5 orientation issues, and "Plaintiff" can verify all facts of Mr. Jack Henry Glazers commitment
 6 with the same sex, officially documented on Mr. Jack Henry Glazers DD-214.
 7

8 32. This who personal direct avalanche of damages that was manufactured
 9 toward the "Plaintiff" has caused unbelievable grief, anxiety, mortification, shock, indignity
 10 especially in the false light characterization.
 11

12 33. And a futher direct and legal result of general strict liability, entit;y
 13 liability and legal result of the wrongfull acts and/or omissions of the Department of the United
 14 States Naby and Ames Research and each of them, "Plaintiff" Alivia J. Stricklin suffered loss of
 15 family, loss of society, solace, companionship, comfort, care, assistance (past and future
 16 enstranged protection) affection and family moral support, all in an amount to be determined.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

The amount claimed should be substantiated by competent evidence as follows:

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. A Place to Stay Since 1910

Since 1910, the Berkeley YMCA Hotel has been providing modestly priced and comfortable accommodations for visitors in the heart of Berkeley – just steps from shopping, restaurants, theaters, public transportation and the University of California.

The YMCA Hotel welcomes a diverse mix of guests from all over the world: visitors to Berkeley, international students, families visiting Cal, former Berkeleyans returning for a visit, future Berkeleyans checking out the town, visiting scholars and technicians, and YMCA members from other states and countries.

Family Friend(s), Senior person,

Friend, of Mr. Grandfathers Mr. Lee A. Stricklin, Sr.

24

Quickly, Ms. Odessa Sanders grew close to the Strickland family couple years after Mrs. Strickland died. Called me in Chicago on a few occasions regarding my grandfathers' Parkinsons issues. She knew he needed me and, essentially prayed for my return.

Mr. Odessa Sanders, is a very supportive family friend. She agreed to hold a few personal items. One happen to be a \$4500, dollar mink coat I had purchased in Chicago (few years back). I suppose between September 30, 1996 (the day I took Amtrak back to California) and 2002, Ms. Sanders received a call from Jack Glazer.

Today, like everything else...never received my "mink coat" back. Never heard from Odessa Sanders again. (The picnics and dinners I prepared for her and my grandfather—those experiences ...I carried about her dearly).

Ms. Sanders was truly a good family friend. Ms. Sanders was in her eighties but, extremely sharp in the mind. Quick thinker for an older person. No confusion, no senior moments. Most positively not malice nor dark side to her character. Real strange sound the last time I spoke with her. *He voice was really shaking and she "said I fell on the floor (85 yrs. Old), can't speak with you right now." (As if she was in shock).*

Ms. Sanders lived on Alcatraz Street in Berkeley for years (Sacramento & Alcatraz side/next to liquor store). Eventually she moved in with son (Chiropractor, Mr. Milton Sanders where she might be residing if not deceased).

Accidentally, spoke of a weak employment gig... a "Wil Stevens, President of Stevens, Banks & Co. out of Oakland California." (Not friend & couldn't pay his bills, but was a Harvard Grad). I stayed with the company a few months as Secretarial Help (while working with Pacific Bell Telephone). Mr. Stevens received a grant to produce a series of seminars for State of California Office of Housing and Fair Employment. *Mr. Stevens may have received some type of communication from J. H. Glazer.*
